#### **What are Real Meals for Home?**

The idea for Real Meals is to give customers the opportunity to enjoy our food in the comfort of their own home or another place of choice. Some of the food is the same as you enjoy in the restaurant and others are prepared especially for the real meals menus.

All foods are prepared without additional preservatives, sodium, and other additives. The items marked with an “F” are frozen and can be used for a busy day and others can be picked up fresh and used within a few days. There are selections of entrees, side dishes, and desserts that are portioned for one to four people. It is a wonderful way to treat friends at the office, help a bereaved friend, assist elderly parents with dinner, or other family needs for good nutritious food.

We can customize your menu with a 48 hour notice and assist with any special dietary needs. Please enjoy our real meals and let us know if you have suggestions for other items you may be interested in. Please watch for our weekly specials and take note that some items may not be available every day.

Enjoy!

Margie
